Industries	Applications	Capabilities
☐ Aerospace and Defense	☐ Computational Biology	☐ Technical Computing
☐ Automotive	☐ Computational Finance	☐ Data Acquisition
☐ Biological Sciences	☐ Control Systems	☐ Data Analysis
☐ Biotech and Pharmaceutical	☐ Data Analytics	☐ Mathematical Modeling
☐ Chemical and Petroleum	☐ Deep Learning	☐ Algorithm Development
☐ Communication Devices	☐ Digital Signal Processing	☐ Parallel Computing
☐ Communication Infrastructure	☐ Embedded Systems	☐ Desktop and Web Deployment
☐ Computer Electronics	☐ FPGA Design & Co-Design	☐ Machine Learning
☐ Consumer Electronics	☐ Image Processing & Computer Vision	☐ System Design & Simulation
☐ Consumer Goods	☐ Internet of Things	☐ Simulation & Model-Based Design
☐ Earth and Ocean Sciences	☐ Mechatronics	☐ Rapid Prototyping
☐ Energy Production	☐ Motor & Power Control	☐ Physical Modeling
☐ Financial Services	☐ Robotics	☐ Discrete-Event Simulation
☐ Food and Beverage	☐ Technical Computing	☐ Real-Time Simulation and Testing
☐ Industrial Automation & Machinery	☐ Test and Measurement	☐ Embedded Code Generation
☐ Instrumentation	☐ Wireless Communications	☐ HDL Code Generation & Verification
☐ Medical Devices		☐ Verification, Validation, & Test
☐ Metals, Materials and Mining		☐ Technical Services & Consulting
☐ Other/Miscellaneous		
☐ Pulp and Paper		
☐ Rail, Ships, & Other Transportation		
☐ Railway Systems		
☐ Semiconductors		
☐ Software and Internet		
☐ Utilities & Energy
